

## Royal Cornwall Show is nearly here!

If you are planning on attending the show from Thursday 6 June- Saturday 8 June, make sure you plan your route in advance as there will be a temporary 30MPH speed limit in place along the A39 at Hals Grave and we expect there will be heavy traffic in the area across all three days of the show.

We encourage those attending the show to pre-plan their journeys home and nominate a designated sober driver before attending the show in a bid to ensure our roads are kept safe and free from drink drivers. We take a zero-tolerance approach to drink driving, and road safety officers will be patrolling the local road network to keep everyone safe.

We urge everyone to be mindful of their behaviour, and we would like to reiterate we will not tolerate anti-social behaviour. The team will be carrying out high visibility foot patrols throughout each day of the show, and in the surrounding areas after the show finishes each day.

We hope everyone has an enjoyable time at the Royal Cornwall Show, and please do come and say hello to us if you see us there!
